Indian Head Division, Naval Surface Warfare Center (IHDIV, NSWC) ensures operational readiness of United States and allied forces by providing the full spectrum technical capabilities necessary to rapidly move any “energetics” product from concept through pro-

duction, to operational deployment.

As the DoDs Energetics Center, IHDIV capabilities include research, development, testing, and engineering; acquisition; manufacturing technology; manufacturing; and industrial base, fleet, and operational support for warheads, explosives, propellants, pyrotechnics, and energetic chemicals; rocket, missile, and gun propulsion systems; missile simulators, trainers, and test and diagnostic equipment; tri-service cartridge-actuated devices, propellant-actuated devices, and aircrew escape propulsion systems; and other ordnance products.

IHDIV is the largest tenant command located at the Naval District Washington, Indian Head facility in Charles County, Maryland. Just 20 miles south of Washington, DC, the base encompasses a 3,500 acre peninsula surrounded by the Potomac River and the Mattawoman Creek. IHDIV is home to over 1400 employees, of which over 800 are scientists, engineers and technicians dedicated to energetics.
